Boiler Room Accessories

Applications Include:

» Heating Systems

» Cooling Systems

» HVAC

Wilo GreenRoom™

4-Zone and 2-Zone Controls

- » 120VAC, +/- 10% 60Hz
- » 4x Optically Isolated demand inputs
- » 24VAC or Dry Contact
- » 120VAC 5A zone outputs
- » RS-232
- » 8bit 16MHz

2-Way Zone Valves

- » Controls the flow in your hydronic system
- » Available in 1/2", 3/4", and 1" SWT connections
- » High-quality bronze construction
- » Valve normally closed
- » 2' Cable included
- » 24 Volt, UL-approved motor

Expansion Tanks

- » Controls system pressure in closed systems
- » Available in 2.0 & 4.4 Gal. models
- » 1/2" NPT Connection
- » Quick and easy Installation
- » Pre-charged to 12 PSI
- » 100 PSI Max Working Pressure
- » Max Temp 240°F

Air Scoops

- » Quietly separates air from your hydronic system
- » Available in 3/4", 1", and 1 1/4" FNPT connections
- » Maintenance free, cast iron construction
- » Tapped for 1/8" air vent and 1/2" expansion tank

Air Vents

- » Vents air from hydronic systems
- » 1/8" NPT connection
- » Solid brass construction
- » 150 PSI Max operating pressure
- » Temperatures up to 240°F
- » Easy to service
